Merit Mission Committee

Report

For

the Academic Session

2023-2024

Merit Mission

Our college has started “Merit Mission” concept to enhance confidence and quality among the students to bring them into the main stream of higher education. The Merit Mission activity was introduced in the academic session 2012-2013. The college introduced Merit Mission concept for pleasant and intellectual stimulation for the students. Because of this concept excellent academic environment has been increased in the institution.

1) **Aim:** Merit Mission for Advanced learners

2) **Objectives:** i) To develop competitive culture among the students

ii) To motivate more students to get place in the University merit list.

iii) To create healthy atmosphere for giving excellent results in examination.

iv) To enhance quality education among rural and tribal students.

3) **Merit mission yearly activities:-**

i) **Selection Procedure:** The selection of the students for Merit Mission activity is on the basis of previous examination performance, sincerity, regularity and eagerness to pursue higher education.

ii) **Meeting of selected students with Principal and Committee Members:** Principal, In-Charge and Members of Committee interacted with the selected students. They are informed about meritorious culture of the college and discussed about annual planning, examination pattern, cut-off of previous year, University merit list, study preparation and consistency in better performance.

iii) **Schedule of unit wise test examination each subject:** Apart from regular Unit tests, the committee prepared the schedule of subject wise Unit Tests with the consent of the students to be conducted throughout the academic session by displaying a separate timetable. The students' performance is evaluated by subject teachers on the basis of unit test examination to enhance meritorious quality of the students.

iv) Provision to provide additional facilities to the students:- The Merit Mission Committee provides the list of selected students to Central Library for giving them extra facilities like text and reference books, journals and e- sources. The committee gave previous examination question paper sets for practice to enhance confidence level in university examination. Meritorious students are encouraged to participate in State and National level Seminars, Workshops and Conferences. For the same, they read reference books, which helped them to enhance their subject knowledge and to score the percentage in university examination.

v) Attention to solve the personal difficulties of the students: Difficulties solving sessions are held to solve the personal problem of the students. Subject teachers cleared doubts about their respective subject. Most of clever students are coming from rural, backward and financially weak family. They are financially supported i.e. books purchasing, transportation fare, concession in admission and examination fee, free of cost hostel accommodation, hospitalization etc. Individual counseling is also given to them to overcome academic and other personal difficulties.

vi) Felicitation of meritorious students: Meritorious students are felicitated by auspicious hands of the dignitaries in the college in annual function "Dr. Panjabrao alias Bhausaheb Deshmukh – Birth Anniversary". The sponsored complementary cash prizes are distributed to the meritorious students to inspire them and other college students.

Evidence of success: The college has meritorious tradition since the beginning. But after the implementation of this innovative concept "Merit Mission" from the academic session 2013-14 , number of merit students, gold medalist, silver medalist, cash prize winners and colour holders have been increased remarkably which is noted by the parent institution and University.

For smooth and effective working of the activity, the college constituted the "Merit Mission" committee.

"Merit Mission" Committee

Incharge: Dr. R. M. Jumle

Members: 1) Dr. A. R. Choudhary

2) Dr. N. P. Deshmukh

3) Mr. N.R. Nahate
