Tree Plantation

Tree plantation by NCC

To improve the balance of nature that is deteriorating due to day-to-day deforestation, tree planting is essential. As part of this, trees were planted in the college. Tree planting program was undertaken from July 1 to July 15, 2016. After all the preparations like this one were planted. During this time 100 plants were planted in the college. At this time, there were many dignitaries of the city, as well as 50 cadets of NCC. They played an important role in planting trees. Lt. Dr. Prashant Kothe made all preparations for the plantation program. College Principal Dr. A. L. Kulat provided the right guidance and support.

Walkthaon Event

Walk-Thon competition

Purpose: You forget about running, running, in the business of work. We see the side effects. With this in mind, a Walk Competition was organized with the phrase Run for Better Health.

NCC department, Shri Shivaji College Arts, Commerce and Science, Akot in collaboration with Akot Youth Group arranged the Walk-thon competition on January 8, 2017. The rally was organized to raise awareness on fitness along with social issues such as clean India, clean water, environmental protection, save trees, stop female feticide, stop farmers' grudges. The rally was attended by several women & men from different fields as well as students from different schools and colleges. Political, social, sports, education, field dignitaries, doctors, lawyers, government officials, senior citizens, students, youth, women, etc. participated and ran. Various social organizations were also involved in the program. NCC, Shri Shivaji College of Arts, Commerce and Science played an important role in organizing and planning this competition.

Involvement of NCC department of Shri Shivaji Arts, Commerce and Science College, Akot under Water Foundation.

Purpose: By taking long-term measures on water scarcity in Maharashtra state, we participated in the program implemented to make the state drought-free, with the objective of getting rid of water scarcity in the area.

The Water Foundation is a long-term solution for water shortage in the state of Maharashtra. Aamir Khan and Kiran Rao is a non-profit working organization in 2016 to make Maharashtra state drought free. This is Satyajit Bhatkal, Executive Director of Water Foundation. Many villages in Maharashtra have participated in this competition. Yanushanga works in many districts of Maharashtra through this institute. Many villages in Akola district also participated in water cup competition. To do so, go to these villages and cooperate with the people there and work towards an end to the famine in this area. This was the desire of the NCC Department. Accordingly, the NCC department participated in this movement by providing labor in several villages. It includes various villages like Jitapur Rupagad, Umra, Asegaon Bazar, Lamakani, Akunda taluka in 2017, Punda in 2018, Jalgaon Nahate in 2019.

Water Conservation at Village,Punda

Involvement of NCC department of Shri Shivaji Arts, Commerce and Science College, Akot under Water Foundation.

Purpose: By taking long-term measures on water scarcity in Maharashtra state, we participated in the program implemented to make the state drought-free, with the objective of getting rid of water scarcity in the area.

The Water Foundation is a long-term solution for water shortage in the state of Maharashtra. Aamir Khan and Kiran Rao is a non-profit working organization in 2016 to make Maharashtra state drought free. This is Satyajit Bhatkal, Executive Director of Water Foundation. Many villages in Maharashtra have participated in this competition. Yanushanga works in many districts of Maharashtra through this institute. Many villages in Akola district also participated in water cup competition. To do so, go to these villages and cooperate with the people there and work towards an end to the famine in this area. This was the desire of the NCC Department. Accordingly, the NCC department participated in this movement by providing labor in several villages. It includes various villages like Jitapur Rupagad, Umra, Asegaon Bazar, Lamakani, Akunda taluka in 2017, Punda in 2018, Jalgaon Nahate in 2019.

Report of
Awareness campaign in Society:-
“Renewable Energy sources and E- Waste Management”

In the academic year 2018-19, department of Physics organized the awareness campaign regarding the “renewable energy sources and e waste management”. Department of Physics already had arranged the different model, poster essay competition regarding the “use of renewable energy sources and e waste management” from the academic year 2013 onward. Sant Gadge Baba Amravati University Amravati has already included renewable energy sources in the syllabus of B.Sc. semester IV. So, keeping all this point in the mind, department of Physics had motivated the students to demonstrate their poster in the society where, they had lived. In this activity, the group of two or three students had made and prepared a poster on the topic of “uses of renewable energy sources, its advantages and E-waste management. Students had made the poster and presented in their colony where, they called all the neighbor in the colony with their family members. They had demonstrated the poster in the regional languages with English, this activity has been performed by the all the Bsc 2nd year and final year students. This awareness campaign had made people aware in the colony about the “uses of renewable energy sources and e waste management”. More than 1000 people has benefited this activity. Also, this demonstration created the confidence in students to demonstrate their knowledge in the society/Colony.

This activity has been carried out in the guidance of the head of the faculty of science Dr. S. P. Wagh and with the corporation of head of the department Mr U. T. Bhati and CHB teacher Mr. D. P. Chaudhari.

Report of
“Awareness of Science (through Science model):-
in nearby Schools and Junior Colleges of Akot.”
“ Remove fear, take participation & create Interest in Science”.

From academic year 2013 onward department organized the various activity in the department such as poster competition, science exhibition, various Guest lecture, drawing competition, essay writing and reading competition, poster paper presentation competition, and this all competition made the student more confidence in the classroom activities in the college. Now, it was the time to go field and demonstrated the knowledge to society. Also students are the member of the society and to create the sense of the responsibility towards the society, department had taken the initiative to increase the level of confidence in the students. So, department organized a field project for B.Sc. final year students of name **“Remove fear, take participation & create interest in science”**. In this project B.Sc. final year students were went to nearby School/ College and presented the science model in that school/ college. Students has already known how to create the model, how to present the model. Now it was chance for students to go and presented science model in their previous school/ Jr. college etc.

In this activity students selected the particular School as per convenient & had taken prior permission from administration of school. After getting the permission from the school our students went to the school and demonstrated the model/ project in front of the students that school. The aim of this competition was remove the fear of science from the Rural students. Many times students having the knowledge but they were fear not to participate in any competition. Remove fear, it was necessary and it was only possible when someone from their own village must got the success. So when our student had went to the School/ college demonstrated their project in front village students, they were motivated and asked many types of the question to our students and they realized that it was not be a very difficult to participate such type of a competition also this was setup the platform to the ruler student to ask a question.

In this academic session 2018-19, In this activity we were covered nearby 25 different School means they were demonstrated in 25 different the school and it got thousands or more number of the students was benefited by this activity.

The success of this activity was due to the large number of the participant of the B.Sc. final year students who went to the different school which not be possible for a single teacher to go such a large number of the schools and villages.

Really this activity is benefited to the society, benefited to the student of our college, benefited to the rural area students.

Department was very thankful to the final year student for their active participation in the activities. Department was also thankful to all the school who gave an opportunity to our students to demonstrate their model and project in their school. Department was also thankful all the teachers of the department who take continuously effort to make them this activity to be a successful.
